

I want rules in place that serve the general public, rather than corporate media conglomerates. I oppose taking a vote that leads to more media consolidation. The quality of the broadcast medium has already suffered greatly from the mass purchase of radio stations by media giants like Clear channel after the last rule change by the FCC. Diversity has been greatly reduced. I question whether the FCC is fulfilling it's charter to look out for the public interest by allowing these monopolies to be created.

On June 2nd, I urge you to retain the current ownership rules.
